The screenshot shows the IBM Cloud Dashboard in a web browser. The top navigation bar includes the IBM Cloud logo, a search icon, and links for Catalog, Manage, and the user's account (Ramji K's Account). The main content area is titled "Dashboard" and features a "For you" section with five recommended actions: "Build" (Explore IBM Cloud with this selection of easy starter tutorials and services), "Explore IBM Cloud Shell" (Try a command-driven approach for creating, developing, and deploying a web project), "Build a data lake" (Create a data lake using Object Storage and query it in its native format with SQL Query and Watson Studio), "Aspera Use Case" (Learn how Base Media uses Aspera high speed transfer to move Terabytes to the Cloud), and "Data migration with IE Cloud" (Overcome transfer barriers with a suite of data-first tools and services). Below this, there are sections for "User access" (Manage users), "News" (All About IBM Storage's Price and Supply Guarantee, IBM Tech Now: November 7, 2022, Unified Key Orchestrator Now Supports Easy Multicloud Key Management for Google KMS), and "Planned maintenance" (View all). The bottom of the dashboard shows a taskbar with various application icons and a system clock indicating 2:04 PM on 09-11-2022.
